**Please Note:**

Contractors on this list shall not be considered recommendations. This list is only being provided as an example general list of known Contractors who have routinely performed underground sewer work within and around the vicinity of the City of Seven Hills. This list is not all inclusive.

When a Contractor is chosen by the home owner to perform work, the home owner should verify if the Contractor is currently registered with the City of Seven Hills Building Department.

The Contractor is responsible to obtain the required Building Permit through the City of Seven Hills Building Department.

Further information regarding Permit Applications, Building Permits, and additional registered Contractors in the City of Seven Hills can be requested through the City of Seven Hills Building Department. Please visit the Building Department online at: <http://www.sevenhillsohio.org/en-US/Building.aspx> or call (216) 524-4427 to obtain additional information on registered Contractors.
